1. Technical Notes and Definitions

census year	reference period	implementing institution	implementation method	population covered
1981	November 16	Ministry of Finance Statistics Department	field interviews	all individuals (nationals and non-nationals): 1- present within the country's borders during time of reference; 2- residing in Bahrain irrespective of where are they at census times
1991	April 6		field interviews	
2001	April 7	Central Informatics Organisation (CIO)	field interviews; characteristics of population in collective households (among which labour camps) was obtained from sponsors	
2010	April 27		based on administrative records	

Nationality of the person is defined by the passport used to enter the country. A Non-Bahrainis is considered as such depending on the passport used to enter the country (or obtain the visa).

Period of reference for employment refers to the 7-days period prior to the survey.

Population of reference in table: all employed individuals (nationals and non-nationals) aged 15 and above

Employed population includes population in the following categories:

Employer: A person who operates his / her own economic enterprise or engages

independently in a profession for trade and hires one or more employees.
Self-employed: A person who operates his / her own economic enterprise or engages independently in a profession or trade and hires nobody.
Paid employee: A person who works for a public or private organization and receives regular wages / salary whether in cash or in kind.
Unpaid worker: A person works for an enterprise, usually owned by some of his relatives, without receiving a salary / wage
Classification of economic activity are encoded in line with the Standard Industrial Directory of Economic Activities (ISIC-Ver. 3.1) of United Nations Statistics Division (UNSD), as noted by the CIO.
