Nationality of the person is defined by the passport used to enter the country. A Non-Bahrainis is considered as such depending on the passport used to enter the country (or obtain the visa).

Period of reference for employment refers to the 7-days period prior to the survey.

Population of reference in table: all employed individuals (nationals and non-nationals) aged 15 and above

Overall definitions for the Censuses of 1991 are not available on the CIO website. However, the 2001 censuses used the following definitions:

Employed population includes population in the following categories:

Employer is defined as a person who operates his / her own economic enterprise or engages independently in a profession for trade and hires one or more employees.

Self-Employed is defined as a person who operates his / her own economic enterprise or engages independently in a profession or trade and hires nobody.

Paid Employee is defined as a person who works for a public or private organization and receives regular wages/salary whether in cash or in kind.

Unpaid Employee is defined as a person works for an enterprise, usually owned by some of his relatives, without receiving regular wages/salary whether in cash or in kind.

Primary education comprises a total of six grades (1-6) and is generally the beginning of systematic apprenticeship of reading, writing mathematics and other subjects.

Preparatory education comprises a total of three grades (7-9).

Secondary education comprises of the last three grades of the schooling system (10-12) prior to graduation.

Classification of educational levels are encoded in line with the International Standard Classification of Education (ISCED) of the United Nations Educational, Scientific and Cultural Organization (UNESCO), as noted by the CIO.
