Nationality of the person is defined by the passport used to enter the country. A Non-Bahrainis is considered as such depending on the passport used to enter the country (or obtain the visa).

Period of reference for employment refers to the 7-days period prior to the survey.

Population of reference in table: all employed individuals (nationals and

non-nationals) aged 15 and above

Employed population includes population in the following categories:

Employer: A person who operates his / her own economic enterprise or engages independently in a profession for trade and hires one or more employees.

Self-employed: A person who operates his / her own economic enterprise or engages independently in a profession or trade and hires nobody.

Paid employee: A person who works for a public or private organization and receives regular wages / salary whether in cash or in kind.

Unpaid worker: A person works for an enterprise, usually owned by some of his relatives, without receiving a salary / wage

Classification of economic activity are encoded in line with the Standard Industrial Directory of Economic Activities (ISIC) of United Nations Statistics Division, as noted by the CIO.
