Nationality of the person is defined by the passport used to enter the country. A Non-Bahrainis is considered as such depending on the passport used to enter the country (or obtain the visa).

Period of reference for employment refers to the 7-days period prior to the

survey.

Population of reference in table: all employed individuals (nationals and non-nationals) aged 15 and above

Employed population includes population in the following categories:

Employer: A person who operates his / her own economic enterprise or engages independently in a profession for trade and hires one or more employees.

Self-employed: A person who operates his / her own economic enterprise or engages independently in a profession or trade and hires nobody.

Paid employee: A person who works for a public or private organization and receives regular wages / salary whether in cash or in kind.

Unpaid worker: A person works for an enterprise, usually owned by some of his relatives, without receiving a salary / wage

Classification of occupations are encoded in line with the International Standard Classification of Occupations (ISCO) of the International Labour Organization (ILO), as noted by the CIO.

2. Institution which provides data

Central Informatics Organization, known prior to 2001 as the "Central Statistics Organisation" under the Ministry of Cabinet Affairs.

3. Data availability

Figures and results reported here are available on the Central Informatics Organisation (CIO) website. For Arabic version:

(http://www.cio.gov.bh/cio_ara/default.aspx). For the English version:
