ANNEXED NOTE

1. Technical Notes and Definitions

Census 2010:

Reference period for census 2010: the night of April 21st, 2010.

Implementation method: census is based on de jure method; i.e. registering people according to their usual place of residence at time of census.

Populations in transit or visiting Qatar as tourists, as well as residents of public housing or visitors staying in a household for less than two months after night of reference were excluded.

Populations away from usual residence in Qatar for reasons of duty, or on a visit abroad for less than two months, as well as individuals with no personal housing within Qatar staying with a household for more than two months, are counted in their usual/ present residence during census night.

Population of reference: all individuals (nationals and non-nationals) present within the State's borders during time of reference, including in labour camps.

Labour force Sample Surveys:

The Statistics Authority conducted the first labor Force Sample Survey in 2001. Starting from 2006, the execution of these surveys came to be on annual basis.

Labor Force Sample Surveys	Sampling frame	Sample size (households) individuals		Reference period
2007	nd	5.492	31.439	October 2007
2008	nd	6.104	nd	December 2008
2009	nd	6.109	35.839	October 2009
2011	nd	6.920	35.839	March 2011
2012	Census 2010	6.895	37.629	April 2012

Reference period for the labor force data: the week prior to the reference period for data collection.

Population of reference: all Qatari and non-Qatari households present in Qatar on the night of survey, living in normal and collective households.

The collective households are a group of persons not related to each other and sharing living conditions in a residential unit, I.e. labor camps, students living boarding schools, nurses in hospitals... etc. The survey covered the small collective households (includes less than 7 persons) and large collective households (includes 7 persons or more).

The survey did not cover short periods accommodation, i.e. hotels.

Employed population:

Persons aged 15 years and above, who during the week preceding the survey:

a) Perform a work for a wage, salary, profits or household gains, whether it was in cash or in kind.

b) Are temporarily not employed, however, they still have an official relation with their work

2. Institution which provides data

Qatar Statistics Authority (QSA)
