ANNEXED NOTE

1. Technical Notes and Definitions

Sampling frame of LFS 2013 Round 1: Population Census 2010.

Sample size: 33500 households

Reference period: January 13th-February 5th, 2013

Population of reference: all individuals (nationals and non-nationals) residing in the Kingdom during the period of reference.

The ultimate sampling unit is the household.

(a) Household and household members: A person or group of persons, related or not related, who share housing and food.

Servants, drivers and similar categories are considered to be part of the household if they live in the same housing unit.

(b) Employed person: A person aged 15 years and above who worked during the reference week for at least one hour for pay or profit, or who had a job but were temporarily absent from work.

Employment refers to people who during the reference period:

- worked for one hour or more for wage or salary, in cash or in kind
- worked for one hour or more for profit or family gain, in cash or in kind
- worked for at least 15 hours without pay on a family business or farm
- did volunteer work

Reference period for employment: The seven days preceding the interview date.

Classification used for occupations is adapted from ISCO 1988.

2. Institution which provides data

Central Department of Statistics and Information (CDSI), Ministry and Economy and Planning

3. Data availability

Surveys conducted since 1999 are available on the website of the CDSI (<http://www.cdsi.gov.sa/>), in published form in PDF format. A selection of tables is also available in PDF or Excel format.
