ANNEXED NOTE

Sources:

Saudi Arabia, Qatar and Bahrain: national censuses, 2010 round. Publications from each country's statistical offices, as tabulated in GLMM database for each country.

Oman: GCC Stat center's compilation of 2010 census round's data for educational attainment (downloaded in June 2015, but not yet available on GCC stats center's website as of November 2017) . Data for Kuwait (PACI) are unavailable for 2010; no data is available for the UAE for 2010 (no census), or for any of the Emirates.

Definitions:

Levels of educational attainment are adapted from ISCED classification. The educational attainment level of an individual is the highest ISCED level

successfully completed.

Categories' labels were standardised. Each country's data were redistributed under the new labels.

Table as of 11 November 2017.
