### **ANNEXED NOTE**

#### **1. Characteristics of data and definitions:**

The 2021 Kuwait census is the eleventh census conducted in the country, and the first to be based on administrative records.

The Ministry of State for Communications and Information Technology has implemented the records-based population, establishments and building census through cooperation with the Central Statistical Bureau (CSB) and the Public Authority for Civil Information (PACI).

The census data was selected from the recommended data basket guide for the Unified Population and Housing Register-based Census 2020 for the countries

of the Cooperation Council for the Arab States of the Gulf issued by the Gulf Statistics Center for the year 2019, and from the data basket of the general census of the State of Kuwait 2011.
