## ANNEXED NOTE

### 1. Characteristics of data and definitions

The source of data used here is the Public Authority for Civil Information (PACI), an independent government body in charge of :

- 1- centralising all population and labour force data in order to manage a fully computerised population register
- 2- issuing mandatory civil identification cards to every resident of the country, regardless of age and nationality.

The Biduns, stateless persons living in the Emirate, are counted with the non-nationals.

**Data refer to the population employed and unemployed, registered in the three sectors of employment (public, private, domestic)**

**Employed population in the labour force:** population aged 15 years and above, in paid employment in the government or private sector, as itinerant worker, or in the domestic sector.

Note: figures of expatriates may differ slightly between PACI's various sources of data (database; tabulated data) and topic covered.

### 2. Institution which provides data

The Public Authority for Civil Information (PACI)

### **3. Period of data coverage: December 2018**

The database is updated three times a year and the website presents only the most recent data.

### **4. Data availability**

The statistics section of PACI's website ("Statistical Reports") (<http://stat.paci.gov.kw/englishreports/> (English); <http://stat.paci.gov.kw/arabicreports/> (Arabic)) provides population and socio-economic data broken down by nationality (Kuwaiti/ non-Kuwaiti). Some data are displayed by nationality groups. Analytical tables and data crosstabulations are available for download in PDF, html, .png and Excel (.csv) formats.
