ANNEXED NOTE

1. Technical Notes and Definitions

The table provides figures of Bahrain's national and non-national resident population at date of 1991' census

Reference period: unknown

Population of reference: all non-nationals in the country at the time of the census

Implementation method: the Censuses are carried out according to de jure methodology, i.e. counting persons using their usual place of residence irrespective of where are they at census times

Nationality of the person is defined by the passport used to enter the country. A Non-Bahrainis is considered as such depending on the passport used to enter the country (or obtain the visa)

2. Institution which provides data

Central Informatics Organization, known prior to 2001 as the "Central Statistics Organisation" under the Ministry of Cabinet Affairs
