ANNEXED NOTE

1. Technical Notes and Definitions

The data is taken from 2018 Labour Force Survey (yearly synthesis)
Sampling frame of LFS 2018: Census of Population, Housing, and Establishments 2015.

Sample size: 60,238 persons, in 9,200 households: 1- Qatari households; 2- Non-Qatari regular (non-collective) households; 3- Non-Qatari small collective households or labour gatherings (2 – 6 persons); 4- Non-Qatari large collective households or large labour

gatherings (7 persons or more).

Data Collection: data was collected monthly.

Reference period for the labour force data: the week prior to data collection day.

Population of reference: all Qatari and non-Qatari households present in Qatar on the night of survey, living in normal and collective households. The collective households are a group of persons not related to each other and sharing living conditions in a residential unit, I.e. labour camps, students living in boarding schools, nurses in hospitals... etc. The survey covered the small collective households (includes less than 7 persons) and large collective households (includes 7 persons or more).

The survey did not cover short periods accommodation, i.e. hotels.

Economically active = In the labour force.

1) Employed.

All persons aged 15 years and above, who during the week preceding the survey:

- a) Perform a work for a wage, salary, profits or household gains, whether it was in cash or in kind.
- b) Are temporarily not employed, however, they still have an official relation with their work

2) Unemployed.

All persons aged 15 years and over who were, during the week preceding the survey, without employment, willing to work and looking seriously for a job. Current data include unemployed persons who previously worked (having a work experience, and who were actively looking for a job during the week preceding the survey).

Unemployed persons seeking work for the first time are not included.

2. Institution which provides data

Planning and Statistics Authority

<https://www.psa.gov.qa/en/Pages/default.aspx>.

3. Data availability

The Statistics Authority conducted the first labour Force Sample Survey in 2001. Starting from 2006, the execution of these surveys came to be on annual basis, and on a quarterly basis since 2013.

Labour Force Surveys (yearly and quarterly data) can be downloaded from MDPS's website, in PDF and Excel format:
