Abstract

To accomplish the objectives of the system, the Ministry will take several actions. Firstly, it will conduct social and psychological research for cases that result in harm. Secondly, the Ministry will provide shelter or accommodation for individuals who have been abused and require assistance to ensure their protection and integration into society. hirdly, it will coordinate with relevant public and private organizations to ensure that necessary services are available to victims of harm. Finally, the Ministry will propose appropriate preventive measures to protect against abuse in cooperation with public and private organizations concerned with protection against harm.
