Keywords	Saudi Arabia; Laws & Regulations; Policy; Labour

Abstract

The Ministry of Human Resources and Social Development (MHRSD) has implemented localization percentages for operation and maintenance contracts across all government agencies. These percentages also apply to requests for support. The Clause "First" of this resolution intends to extend its application to companies where the government holds at least 51% of the capital. This decision nullifies any conflicting regulations and will be incorporated into the government endorsements portal and the Expatriate Recruitment Guide.
