ANNEXED NOTE

1. Characteristics of data, definitions

DSC has been conducting Labour Force Surveys on Dubai Emirate in 2008, 2009, and yearly since 2011.

Sample of LFS 2015: 3000 households (1500 Emirati households, 1500 foreign households), as well as 1000 workers from workers' communities.

The sample only includes permanent residents of Dubai and not residents of other emirates working in Dubai. The sample only takes into account the population aged fifteen years and above.

Date of reference: ? 2015.

The time reference of the survey is:

Visit day is the time reference for the family personal data.

The week ended on the visit day is the time reference for the employment status (employed / unemployed).

Month ended on the visit day is the time reference for job search.

The two years ended on the visit day represent the time reference for training of people who are unemployed and seeking a job.
