ANNEXED NOTE

1. Characteristics of data

The first population census was conducted in 1968 by the Council of Developing Trucial States.

After Independence in 1971, a population census of the Emirate of Abu Dhabi was conducted that same year.

The first general population and establishments census in the UAE was conducted in 1975. It was the first census in the region following scientific standards and international recommendations. The other federal censuses were conducted in 1980, 1985, 1995 and 2005.

Reference day for 2005' census: 6 December 2005

Implementation method: the census was carried out according to de jure methodology, i.e. counting persons using their usual place of residence

Population of reference: Population aged 10 and above.

Emirati nationals usually residing in the country+all foreign residents holding a valid residence permit+resident GCC nationals (nationals of other GCC states don't need a permit to stay in the UAE)

2. Institution which provides data

National Bureau of Statistics (NBS)
