ANNEXED NOTE

1. Technical Notes and Definitions

Reference period for census 2010: the night of April 21st, 2010.

Implementation method: census is based on de jure method; i.e. registering people according to their usual place of residence at time of census.

Populations in transit or visiting Qatar as tourists, as well as residents of public housing or visitors staying in a household for less than two months after night of reference were excluded.

Populations away from usual residence in Qatar for reasons of duty, or on a visit abroad for less than two months, as well as individuals with no personal housing within Qatar staying with a household for more than two months, are counted in their usual/ present residence during census night.

Population of reference: all individuals (nationals and non-nationals) present within the State's borders during time of reference, including in labour camps.

Data related to **work force** include individuals of 15 years old or more (born before April 1995) and refer to the week preceding the enumeration period.

The working age population is defined as the population aged 15 to 65.

2. Institution which provides data

Qatar Statistics Authority (QSA)
