Population of reference: all individuals (nationals and non-nationals) present within the Kingdom's borders during time of reference, be they permanent or temporary residents.

The census also includes: Saudi diplomats posted abroad (their details are provided by the Ministry of Foreign Affairs) and Saudis temporarily out of the Kingdom for reasons such as treatment, business, tourism, studies..., counted with their family members residing in the Kingdom.

The working age population is defined as the population aged 15 to 60 (retirement age for Saudis), even though (as of mid-2013) there is no maximum working age on foreign nationals.
